PROFESSIONAL SUMMARY

Computer Science undergraduate pursuing a B.Tech degree at Newton School of Technology (SVYASA). Skilled in React, JavaScript, HTML, CSS, and Data Structures & Algorithms. Passionate about software development, problem-solving, and building efficient, user-focused applications.

EDUCATION

Bachelor of Technology (Computer Science) 2025 - 2029
Newton School of Technology(SVYASA) Grade: 7.12/10.0

Intermediate (Class XII) 2024 - 2025
The Gurukul Nilokheri,karnal Grade: 83.5%

Matriculation (Class X) 2022 - 2023
The Gurukul Nilokheri,karnal Grade: 84.0%

PROJECTS

Zenith (Github) (Demo) May 2026

- Developed a collaborative online workspace that enables users to join virtual groups for studying, meditation, workouts, and goal-oriented activities.
- Designed an interactive community platform to foster collaboration, motivation, and productivity among users with shared interests.
- Built the application using React, JavaScript, HTML, and CSS, ensuring a responsive and user-friendly experience.

Akshark (Github) (Demo) December 2025

- Developed a fitness-focused e-commerce platform inspired by real-world challenges in sourcing gym equipment, apparel, supplements, and workout accessories from a single place.
- Designed and implemented a responsive and user-friendly interface using HTML, CSS, and JavaScript, applying core front-end development principles.
- Enhanced user experience through organized product categorization and interactive features, with ongoing improvements to functionality and usability.

SKILLS

Cloud & DevOps: Git and Github
Computer Languages: HTML, CSS, JavaScript, Python
Courses: Data Structure
Frameworks & Libraries: React
Soft Skills: Leadership

EXTRA-CURRICULAR ACTIVITIES

I am a professional Taekwondo athlete with over 6 years of training and competitive experience. My journey in Taekwondo has helped me develop strong discipline, dedication, consistency, and a hardworking mindset, both personally and professionally.

Over the years, I have participated in competitions ranging from district and state levels to international-level tournaments. These experiences have strengthened my teamwork, leadership, time management, and ability to perform under pressure, while continuously motivating me to push my limits and achieve higher goals.
